---

### Objective

Passionate and motivated React developer fresher looking for an internship opportunity to apply my skills in front-end development, improve my coding abilities, and contribute to real-world projects.

---

### Skills

- React.js (Functional components, Hooks, Router)
  - JavaScript (ES6+)
  - HTML5, CSS3, Bootstrap, Tailwind CSS
  - RESTful APIs, Axios
  - Version control with Git & GitHub
  - Familiar with Agile methodologies
- 

### Projects

#### React To-Do List Application (Technologies used: React.js, JavaScript, CSS)

- Created a To-Do list app using React functional components and hooks for task management features like add, delete, and filter.

#### React Calculator (Technologies used: React.js, JavaScript, CSS)

- Built a basic calculator app in React to perform arithmetic operations (Add, Subtract, Multiply, Divide) & Managed user inputs and real-time result updates

#### Ecommerce Website (Tech Used: React.js, JavaScript, CSS)

- Developed a fully responsive E-commerce Website Frontend using React.js, enabling product listing, filtering, and cart functionalities with seamless user experience.
- REST APIs for dynamic data fetching using Axios
- Designed and styled components with CSS and TailwindCSS for modern and responsive UI.

#### Online Voting System (Tech Used: PHP, MySQL, HTML, CSS, JavaScript)

- Designed and developed an online voting platform allowing secure and user-friendly voting processes.

#### Personal Portfolio Website (Tech Used: HTML5, CSS3, JavaScript, PHP)

- Built portfolio website to showcase skills, projects, resume, and contact information.
- 

### Education

#### Bachelor of Computer Applications (BCA)

Nepal Mega College, Tribhuvan University – Kathmandu, Nepal

Year: 2022 – 6<sup>th</sup> semester running
